

**White's 4-175 and 4-210...performance that handles both row crop and 4WD needs.**

**Closed-center hydraulics, inboard planetary final drives and independent pto are a few more standard features that add performance, value and year around productivity to both the 4-210 and 4-175.**

Are you ready for that move to 4WD...but hate to lose a row crop tractor? Well, we've got the answer...the White® 4-175 or 4-210 Field Boss® Tractor.

**Both the 150 pto hp\* 4-175 and the 182 pto hp\*\* 4-210 integrate the 3x6 Over/Under Transmission** to give you the speed-flexibility of 18 forward speeds in a low working profile. Behind the wheel you're sure to notice the smooth, twin-steering cylinder articulation, responsive handling, a 14-channel monitoring system and visibility without excessive blind spots.

With those performance features, you should be taking a closer look at either the 4-175 or 4-210. So stop by...we have the answer that will make your farming more profitable.
