

Finish 10 days sooner on 32 pounds less feed.

Weight Lifter™ puts the amino acids in balance.

Wayne® Weight Lifter™ feeds are different from ordinary protein formulations. They balance the amino acid requirements precisely. So your pigs get the right amount required to grow into strong, efficient hogs.

And reduced amino acid excess means no costly protein wastes. **Just 15% protein savings.**

Research and field tests show Weight Lifter improves hogs' efficiency, resulting in 7.4% better feed conversion and 9.1% increase in average daily gain. That means hogs should be ready for market 10 days sooner on 32 pounds less feed.

Weight Lifter fits your feeding system.

Use Weight Lifter for your breeding stock, weaned pigs and finishing hogs. It's the convenient feeding program that reduces your feed inventory and labor.

Get on the Weight Lifter Program. It's proven to increase hogs' efficiency and reduce protein costs.
