**THIS SOLAROLL™ SOLAR ENERGY SEMINAR CAN HELP YOU BUILD YOUR OWN SWINE AND POULTRY FUEL-SAVING HEATING SYSTEM**

★ **THURSDAY, JUNE 5, 1980 - 7 P.M.**  
Holiday Inn East, Lancaster, PA.

To help you build your own farm energy-saving heating system, Northeast Energy Systems, 208 East Main Street, Mount Joy, PA 17552 has scheduled a "hands-on", three-hour school. You will learn how to build solar collectors with a new invention called Solaroll™, a flat-plate solar collector material for hot water in farm buildings and home heating systems. Farmers with a little mechanical ability and a few simple tools can install the system as explained at the seminar.

Seminar leaders include Phillippe Schaefer, Ellenville N.Y., Professional Instructor, for solar energy dealers and Martin C. Holbrook, Canadensis, Pa. President of a company with more than 200 solar energy systems installed in the Pocono area. A few of Mr. Holbrook's systems in operation for three years have saved up to 80 percent of fuel costs.

The cost of the local seminar is \$15 refundable if you purchase \$100 of solar materials following the seminar. Enrollment is limited.

For reservations call 717-653-8001 today.
