

## Kempton County Fair slated for next weekend

**KEMPTON** — What's a good country fair made of? At the Kempton County Fair, scheduled for Friday evening, June 20 through Sunday, June 22, it's many traditional things — and then some. Like sugar-dusted funnel cakes and hot chewy pretzels...the best weekend, this side of Nashville, in musical entertainment...more than 100 exhibitors and attractions...and a midway with whirling rides.

And then, more. Tractor pulls, a baking competition, jeep rodeos, a fireman's water hose contest, Children's Day with a magical act aimed to delight the small fry.

Topping it off, there is the crowning of Es Lieblisch Maedel, the Pennsylvania Dutch Queen who for three nights has been one of the contestants in various on-stage programs.

In its 26th year, it's a mighty project planned and manned by volunteers with all proceeds returned to the

Kempton Community Center — and a fair with something new every year.

Opening Friday evening at 5 p.m., visitors are encouraged to bring their own chairs or blankets for watching many of the events. Highlight of the evening is the musical program of Big Al Downing who will perform at 7, 9 and 11, followed by two programs, a casual and a costume fashion show, presented by this year's entrants in the Queen

Contest.

Friday's schedule also includes the moderate and super stock class B pulls held under the auspices of the Pennsylvania Tractor Pullers Association. Competitions start at 6:30 and last until midnight.

Events on Saturday include the 16th annual baking contest beginning at 1 p.m. Entries are submitted by boys and girls up to 16 years of age in the junior division, and in the senior division, from cooks of both sexes.

Samples of their culinary skills will be on sale during the remainder of the afternoon for fair-goers to sample.

Children's Day, a highlight of the fair for youngsters, is planned for 2 until 4 p.m. with rides on the midway offered at a reduced rate and a very special entertainment planned for them at 4 p.m. Gennaro and Jane, skilled in sleight of hand with their doves, will captivate an audience of all ages.

Tractor pulls in the farm

tractor class (for Berks and Lehigh counties only) start at 1 p.m. and Saturday evening, the farm sanctioned class tractors will take over from 6:30 until midnight.

Other events include attractions and exhibitions of more than 100 craftspersons and specialized vendors who will bring mini-flea market items, handmade crafts, local products and other such items.

# BIG FARM POWER AND EQUIPMENT

## WHAT TO LOOK FOR IN A FOUR-WHEEL DRIVE

### COMPARE STEIGER:

#### THE KEYS TO COMPARING 4WD TRACTORS.

← **Drawbar horsepower.** The most basic criterion is how much can it pull as measured in horsepower at the drawbar. This is more important than engine horsepower because the drawbar is the working end of the tractor.

⌘ **Cost per drawbar horsepower.** This is the real way to measure what you're getting for the money. Just divide the cost by the tested drawbar horsepower and you've got a figure you can use to compare all makes and types of tractors.

💧 **Fuel consumption.** How much work can the machine squeeze out of a gallon of diesel fuel? While many people gauge fuel efficiency by gallons per hour, this is not the best measurement. The best way, amount of work per gallon or more scientifically horsepower hours/gallon.

% **Drive train ratio.** Divide the drawbar horsepower by engine horsepower. The result expressed as a percentage indicates how much power is actually available to do work at the drawbar.

⚖️ **Weight to horsepower.** Generally speaking, the higher the weight to horsepower ratio, the more power the tractor will ultimately deliver. You might ask, why doesn't everyone build them real heavy? The answer, the cost of steel. But like in everything else, you can find quality if you look for it.

🔊 **Noise.** All manufacturers have a decibel rating on their cabs. One Steiger four wheel drive has been proven to be as quiet as 75.5 decibels under full power and load. That's about as quiet as a pickup truck. A quiet tractor reduces operator fatigue, improves productivity.

## FINANCING A STEIGER IS NO PROBLEM!

**BECAUSE HOOBER'S ARE BIG POWER SPECIALISTS!**
