## CHOW CHOW

- 1½ quarts shelled limas
- 1½ quarts small cucumbers
- 1 pint chopped onion
- 1 large bunch celery, cut into ½ inch slices
- 15 small green tomatoes
- 8 red, green and yellow peppers
- 2 heads cauliflower, cut into flowerets
- 1 quart vinegar
- 3 pounds sugar

Cook each variety of vegetable separately in lightly salted water. Cook until tender crisp. Do not overcook. Drain. Combine the vinegar and sugar with the vegetables adding enough water to cover the vegetables. Vegetables may be finely cut if desired.

Mrs. Harold Moyer, New Freedom

## SPAGHETTI SAUCE

- ½ bushel tomatoes
- 4 green peppers
- 4 onions
- 1 stalk celery
- ½ cup salad oil
- ½ teaspoon hot pepper seed
- 2 tablespoons oregano
- 1 tablespoon basil
- 9 tablespoons sugar
- 9 teaspoons salt
- garlic salt and onion salt

Cook the tomatoes, peppers, onions and celery until tender. Put through a food mill or blender and strain out seeds and skins. Cook the puree with the remaining ingredients until the desired thickness. Can while very hot.

Mrs. Stanley Owens, Beech Creek

## TOMATO SOUP

- 1 peck tomatoes
- 2 onions
- 1 stalk celery
- ¼ cup salt
- ½ cup sugar
- ¼ pound butter
- 1 teaspoon paprika
- ½ cup cornstarch

Cook the tomatoes, onions and celery. Put through a sieve. Add the remaining ingredients. Bring to a boil and can. When using the soup mixture, add the same amount of milk as juice and heat.

Mrs. John Martin, Ephrata

## TOMATO SOUP

- 1 peck of tomatoes
- 6 onions
- 2 green peppers
- 2 stalks celery
- ½ cup butter
- 1 cup flour
- 1 cup sugar
- ¼ cup salt

Cook and put through a sieve. Then put on the stove and bring to a boil. Add the butter, flour, sugar and salt and mix with water to form a paste. Can while very hot. This will be thick.

Mrs. Stanley Owens, Beech Creek

## Easy, Effective, Economical Fly Control... Even Face Flies!

**COW LIFE-CATTLE RUB®**  
Made for cattle—by a cattleman  
Proven on millions and millions of cattle.

The RUB has completely solved our fly problems for the last several years! We run about 800 registered and commercial mother cows.  
**Hubby Griner  
Columbia, Mississippi**

(Shown with Face Flies.)

**Easier-to-use**—Simply hang the 10 foot RUB, pour on about four gallons of insecticide solution and let the RUB do the rest. It's that easy! And many users report treating the Cow Life Cattle RUB less than once a month.

**More Effective**—Just one pass under the rub gives animals the insecticide protection they need. It really takes the work out of fly and lice control. Millions of cattle have proven how simple it is.

**More Economical**—it costs less to start with and it's made of DuPont Orlon and acrylic so it's virtually rot proof! Plus it saves labor, insecticide and an awful lot of trouble.

**And if face flies are a problem to you** The FACE FLYPS offer effective face fly control. These special DuPont Orlon "FLYPS" wick insecticide solution directly from the RUB and insure that the insecticide is where it is needed for effective face fly control on the animal's face. Each pack contains 22 FLYPS which require about 3 minutes to attach to the RUB. Order one pack per RUB.
