

If you feed in bulk . . .

FEED IN A CIRCLE

When you invest in a feed tank, you want to do it just once. That's what you do with a Circle Steel Bulk Feed Tank. They're built with the same care, quality and precision as Circle Bins, Buildings and other products. They're important to you...so they're important to us.

Let us show you how important. Just give us a call.

The new Weaverline Series 300 battery-powered Feed Transport - Cart!

CHECK THESE ADVANCED - ENGINEERING FEATURES

PROVEN UNLOADING-DRIVE LINKAGE
Smooth-running roller chain and belt drive combination provides 6 conveyor speeds plus individual on and off control of upper and lower sets of augers

CONTROLLED UNLOADING
Apron conveyor and two pairs of augers can be controlled individually. Upper augers prevent bridging. Lower augers and conveyor control discharge flow

CONVENIENT POWER PACK
Weaverline 4 unit battery pack provides plenty of transport and unloading power. Batteries roll out either side of quick servicing. To charge, just plug into charging receptacle from any 115 volt AC power source

For mechanized dairy feeding!

Cut your labor costs with this modern Weaverline material-handling system. Built to stand up to years of heavy loads, Weaverline Series 300 feed transport carts are designed with larger discharge augers, more auger clearance, extra-heavy steel bottoms, stronger conveyor shafts and heavy duty bumper guard shields. For a dairy feeding system that demands minimum maintenance and service, specify Weaverline. See these new Series 300 transport carts at your dealer. Or write Weaverline Corporation, Churchtown, Pennsylvania 17510. Telephone (215) 445 6724.

TWO MODELS

For maximum capacity, the larger Model 330 measures 81 inches long, 33 inches wide and holds 30 bushels. For tight corners, the compact Model 323 69 inches long and 33 inches wide. Holds 24 bushels. Tricycle running gear makes both units easy to turn—easy to guide.

ALL CORNER MOLDING AND FASTENERS

VINYL MOLDING TO GIVE A FINISH & A WATERTIGHT

Ritchie Fountains deliver. Even in the dead of winter they are out there working. You're not weatherproof. You bet they are. Heating systems and efficient insulation keep water ice free just set the Watt Watcher™ thermostat for minimal energy use. Big throated, non stick plastic valves keep water gushing in. Each of your cows get all the water they need to promote peak production. Ritchie Fountains are tough, too. Quality built with rugged heavy galvanized steel and CD 50 epoxy finish to stand up to weather and barnlot abuse. Why take chances on anything less than a red and yellow Ritchie fountain? Call your Ritchie dealer for water that won't quit.
