

Photographer

(Continued from Page D10)

"I started traying the stuff and an image would come up. All I said was wow."

The Hartz farm is a 100 percent organic enterprise, with meat and poultry products sold on the site. For example, special schools

with hyper-tensive students buy beef to escape the nitrates.

Also, to illustrate the peace and tranquility of the idyllic location, a three-month-old pet fawn, adopted by one of the sons, regularly

comes in for 7 a.m. milk breakfast and then playfully romps through the fields.

As simple as her roots is Yvonne's photographic philosophy.

"I love to live and love to shoot pictures, particularly of people."

What better definition of fulfillment can there be than being good at something you love to do.

MARTIN GRAIN DRYING SYSTEMS

Compare their unique features and advantages. Preserves grain quality, less shrinkage & stress cracks. Conserves energy, lower operating cost, from 3¢/bu. for 10 points. Both systems dry 35% moisture corn, requires no wet holding tank or babysitting. Both systems include a G.S.I. Drying Bin, in & out ladders, roof ladder, Cor-lok floor, steel floor supports, transition, fan & heater, ventilator cleaner, motorized spreader, unloading auger system with total enclosed motor, and freight to our warehouse.

MARTIN FLO-MOOR SYSTEM

2 STAGE CONT. or RECIRCULATING

Includes Martin Electronic Moisture Control With Motor Starters.

- Drying capacity up to 12,600 bu./day
- 15 to 36 ft. diameter bins.
- Operating temperature adjustable 90° to 160°
- Add wet grain as fast as you harvest. Large storage capacity for fast unloading.
- Twin tapered sweep augers unload faster
- Extra heavy gear box assures trouble free operation
- Automatic grain level shut-off
- Grain Cleaner removes trash for better drying

MARTIN LOW-TEMP SYSTEM

Batch With Low Temp. Control

Stirring Equip. Option

- Drying Cap. Up to 6400 Bu Per Day.
- 15 to 48 ft. diameter bins
- The only system with gas heat (up to 30°) backup to prevent spoilage.
- The Martin Low-Temp Control monitors and automatically controls the temperature and the humidity. The thermometer, hygrometer and monometer display operating conditions, thus eliminates all guesswork in the easy operating management.
- Built-in safety controls assure trouble free operation.
- It operates automatically around the clock in sunshine or rain, heat or cold, without any babysitting or readjustments
