

Suzie and Bob Leib, Shepherds Crook Farm, show their Dorset Grand Champions. This same ram and ewe pair took the championship honors at the Montgomery County Fair held recently in Maryland.

Charles Platt holds onto the Reserve Champion Shropshire ram.

BOTTOM UNLOADERS LAIDIG POW-R-SWEEP auger unloads high moisture grain that won't free flow! BOTTOM UNLOADERS

Laidig bottom unloaders do just that! Unload grain from center to wall all round the base. POW-R-SWEEP auger makes a 360° cycle. Prevents bridging, reduces spoilage and frozen masses. Ruggedly built for low maintenance. Wide choice of model sizes. Adjustable unloading speeds. Dependable parts and service if and when needed.

Easy to install in new or standing sealed silos

Laidig 98's "slashing knives" rip out forage for sure, no-stall unloading

Tough tungsten tipped knives slash thru tangled or frozen forage to move out the volume you set on controls. Floor-track gear drive at outer end of auger means positive no-stall unloading. Laidig design and ruggedness prevents many break-downs and repair costs often associated with other bottom unloaders. Insist on a Laidig.
