

# Dairy Show

(Continued from Page D6)

Junior Champion honors in the open show and the 4-H exhibition with "Elsie Weim-Sharr Marver" who also placed first in the Senior Heifer class.

The Weimers have high hopes for Elsie. They recently showed her at the Maryland State Fair in Timonium and plan to show her at the Pennsylvania All American Show this Fall in Harrisburg. Elsie recently passed her first birthday and in honor of the occasion Jennifer baked her a cake.

Elsie is not alone in her excellence among the Weim-Sharr herd. Older brother Tom showed the Reserve Senior Champion and Reserve Grand Champion "Mel-Aire Promis Star", a cow he entered in the five

Jennifer Weimer with Junior Champion and 4-H Junior Champ Elsie.

year and older class to take first place. Two more of the Weimers blue ribbons were won in the Senior

Yearling class and the Junior Get of Sire contest. Elsie and her dam "Tyrone-M Ivan Star Ellen" placed second in the Dam and Daughter competition.

Ann Murren, Adams County Dairy Princess handed out ribbons and rosettes to several other dairy families.

Larry Mummert and Eldon Baum, Jr. won first and second places in the Junior Heifer Calf class, the Brown brothers, Marvin and Tim took a red ribbon with the Senior Heifer Calf. Larry Mummert won again for his

second place entry among the Senior Yearling Heifers. And Glenn Lippy Jr. placed second in the Dry Cow class.

"Brownvalley Iris Peacemaker" placed first among the dry cows and two other Brownvalley animals won second places in the three and four yr. old classes. Brownvalley showed first place entries in class 24, Produce of dam and class 25 Dam and Daughter. This winning couple was "Brownvalley Adele Originator" and "Brownvalley Adora Tippy."

# How to protect your home during a power blackout

A Kohler Powerhouse Generator with optional Emergency Power Kit (connection box and transfer switch) puts electricity directly into the circuitry of your home. Now you can power essentials like the furnace, refrigerator, freezer, sump pump, and water pump with power to spare for appliances and lights.

### 1. Powerhouse Generator.

Choose 3500 watt or 5000 watt Kohler Powerhouse generator with manual or electric start to power your home. Produces 120/240 volt electricity. Powered by long-life Kohler cast-iron engine.

### 2. Connection Box.

The Kohler weatherproof outdoor connection box accepts the power cord from the generator. Installed on the exterior of your home, it permits generator power to flow to the Transfer Switch.

### 3. Transfer Switch.

Kohler's safety interlock switch transfers the circuitry of your home from "normal" line power to the emergency power source — your generator. The switch permits line power and emergency power to enter the circuitry, but not both at the same time.
