Blair & Cammy Yurkanin	42.7	4.09	1.75
Astle & Edmundson	42.0	3.60	1.51
Long Green Farm, Inc	41.8	3.81	1.59

# Volumatic® III silage distributor-unloader by JAMESWAY®

## Install any time

Another reason why all ring-drive silo unloaders are not alike: Whether your silo is empty, partly empty or full, we can install a Volumatic III silage distributor-unloader. Wide-stance hexapod 3-point suspension installation system lets you replace your present unloader with the ring-drive distributor-unloader others can't match in features or performance. So, why wait?

See us for systems and service that help make the good life better.

## SOLO's New Floating Pump 830

As the name implies, this pump floats on the water. Its water intake is positioned far away from weeds, silt and mud, right near the surface where the water is cleanest!

The engine speed regulates the output, and an automatic governor regulates the revolutions. Output can be as high as 22,000 litres - or approx. 5,800 U.S. gallons (approx. 4,800 Imp. gals) - per hour, to a total head of some 30 metres, or approx. 100 ft.

The new SOLO 830 is ideal for farmers. For "clean" water supply, out of even shallow ponds for spray solutions, (preventing spray nozzles from clogging by sand, mud, or other particles picked up by common pumps), irrigation, watering livestock, draining flooded or low areas from standing water, insect and mosquito control, pumping liquid fertilizers.
