

AGWAY

AGWAY MANURE SYSTEMS!

PEDLAR SOLID-PISTON RAM

- ★ Move Manure to outside storage up to 250' away
- ★ Powerful 15 ton Thrust Solid Piston
- ★ Automated for easy use

PEDLAR INCLINED HOLLOW-PISTON RAM

- ★ Move Manure to outside storage up to 125' away
- ★ Convenient Automated design
- ★ No Pit Required

- Eliminate Daily Spreading - Winter's Coming!
- Store Your Home grown Nutrients Until Your Crops Need Them
- Tie-in With Agway's Timber Column Storage Facility

Chromalloy Liquid MANURE BANK

- ★ Glass fused to steel construction
- ★ Wide Range of capacities
- ★ Above ground storage
- ★ Fully Automated for Labor Savings
- ★ Eliminates Daily Spread

Forage Conference scheduled

HERSHEY — "Forages and the Ruminant—Past, Present and Future" is the theme of the 1980 Forage Conference scheduled for November 24-25 at the Hershey Convention Center, Hershey.

A group of outstanding agronomists, farmers, and research engineers will discuss aspects of alfalfa production and harvesting, silage and its role in livestock feeding, and hay evaluation and marketing, points out John E. Baylor, extension agronomist at Penn State.

Conference registration will be held from 9 a.m. to noon on November 24 at the Convention Center. Advance registration forms are available at the Cooperative Extension Service Office.

Keynote speaker will be W. K. Griffith, regional director of the Potash-Phosphate Institute.

Baylor notes that a Grasslander of the Decade will be named at the recognition banquet on November 24. This forage farmer will be selected from among the yearly winners during the period 1970-79.

In addition, a 1980 champion alfalfa grower will be named at the conference. Criteria used are yield of hay equivalent, crude protein and total digestible nutrients. The winner will be determined by records submitted in the Pennsylvania Alfalfa Growers Program.

The Forage Conference is sponsored by Penn State's Cooperative Extension Service in Cooperation with the Pennsylvania Forage and Grassland Council.
