

BIG FARM POWER AND EQUIPMENT

WHY SETTLE FOR LESS? SEE US BEFORE YOU BUY A FOUR-WHEEL DRIVE

There are other four-wheel drive tractors. But Steiger is preferred here in the East by more farmers farming more than 1000 acres than all the other 200 plus drawbar HP four wheel drive tractors combined. Why? The answer is simple. Steiger Tractors have been proving themselves in the fields of Pennsylvania, New Jersey, Maryland and Delaware for the past six years.

Steiger Tractors are dependable, like a Farmall M. Steiger uses rugged components designed for construction equipment. Engines such as Cat and Cummins. Drive-line components such as Spicer and Allison. Steiger uses plate steel for their hoods, not fiberglass. Steiger guarantees its drive-line components for 2-years. Steiger Tractors we sell are backed-up by Hooper Service Specialists and a stand-by-tractor.

Steiger Tractors save fuel, like a Volkswagon

Rabbit. Steiger's simple drive train converts a larger percentage of engine HP to the drawbar than other 4-wheel drive tractors. Steiger's drive train efficiency translates into more work performed per gallon of fuel than the others. Our experience with large tillage equipment enables us to match the proper tillage tool to the proper tractor for your particular operation. Less slippage means increased efficiency.

Steiger Tractors are comfortable like a Lincoln Continental. Steiger's Safari Cab is quieter than other 200 plus HP four-wheel drive tractors. They are roomy and the large contoured seat takes the torture out of those long spring days. Air-conditioning and an AM-FM stereo tape player are standard equipment.

Steiger Tractors are priced like a Chevrolet. Price a Steiger by the pound, by the drawbar HP, or by the acre. Then compare. You'll see you can afford this Cadillac of four-wheel drive tractors.
