

Christmas program

(Continued from Page C15)

some advice for making children's toys. Three things to remember are: 1. Always consider toy safety before you start any project 2. Pick toys to the age level of the child; if it's too easy he will feel frustrated and if it's too hard he will feel defeated 3. Have a good toy diet which allows a child to be creative in a variety of ways.

Mrs. Rodgers finished her talk by reminding the homemakers that Christmas is for and about kids. It did, after all, originate from a child, so let kids help pick a tree even though it's cold outside. Also let them help make Santa cookies, because "Christmas is for children too."

Sherry Kalbach presented easy, quick and inexpensive crafts which won't break the bank at the Homemaker's Christmas program.

Michele Rodgers, Extension Home Economist, holds "Eddie the Snake," just one of the many crafts for children to make. To her right is a bean bag target and to her left, foam stuffed tools, both of which children will love to create.
