Exclusive Hydro 84 Tractor 58 PTO hp*

Now, production-boosting hydrostatic all-speed drive comes to a compact, low-profile tractor. The Hydro 84 eliminates time robbing shifts—lets you do more work per hour in the field or feedlot. Just one lever lets you match speed to load, gives you infinite speeds forward and reverse over the entire governed range. Full power can always be applied to PTO drawbar or hydraulic work regardless of ground speed. Choose from utility or row-crop models.

- 246 cu in multi-range diesel engine—big lugging ability, economical performance
- Hydrostatic drive with infinite speeds—0 to 16 MPH forward 0 to 7 MPH reverse
- Big 13 GPM hydraulic pump—no need for an optional pump to handle a loader
- Hydraulic disc brakes, differential lock, 3-point draft sensing hitch, power steering, split-deck controls and much more

*Official test
