Save Your Quarters

Don't lose a quarter by trying to save a few pennies

Herd health is of prime importance and we don't want you to risk udder damage to your cows' quarters by using an inferior liner. The liner is the only part of the milking equipment that touches the cow. We don't think you should have to sacrifice quality by pinching pennies...now you don't need to.

FREE

LINERS

Buy short air tubes, long air tubes and milk tubes (plastic or rubber) for all your units and receive FREE liners for all your milker units. Offer expires November 30, 1980.
