

**PUBLIC AUCTION**

**WOODWORKING &  
METAL WORKING MACHINERY  
PHOTO EQUIPMENT, TRUCK & TRAILER  
HARDWARE & TOOLS  
THURSDAY, NOVEMBER 20**

10:00 A.M.

Located at 1133 Manheim Pike off Route 30, Lancaster, PA  
**METALWORKING MACHINERY**

ATLAS mini metal lathe, independent chuck, belt driven, 4 step pulley, 2 ft. bed, 1/4hp, 1ph, reversable, with table; STANLEY ball bearing grinder; KIDDER punch press, hand operated, 90 degree cutter, with table; DELTA ball bearing carbide tool grinder, with wheels, 1/2hp, 1ph, reversable, with stand; SPRUNGER radial head, no motor; ROCKWELL metal cutoff saw, with cooling & dust collection system, 5hp; ROPER-WHITNEY punch press, hand operated, capacity 3/8" thru 1/4"; ROYER-SFORD-EXCELSIOR power driven punch press, 1/2hp, 1ph, cast iron stand, 4 ton, 2 stroke; DAKE arbor press, model 2B, with stand; ALVA F. ALLEN model BT 5, 5 ton punch press, 1/2hp, 1ph; ROPER-WHITNEY rod cutter, from 1/8" to 5/8" cap. round, 1/4, 1/2, 3/8" cap. square stock, manual, with stand; ROYERSFORD-EXCELSIOR 3/4 ton power driven punch press, 1/2hp, 1ph, with stand; WHITNEY METAL TOOL CO. screw fit die press, cuts 90 degrees and metal bender for angle iron, with stand; ROCKWELL grinder, 1/2hp, 1ph, with stand and wheels; MILLER arch welder, high frequency, AC/DC, with tank; DIARCO 12 ton hydra-power press brake; MILLER welder, AC/DC, wire fed #35S.

**WOODWORKING MACHINERY**

TYLER cold press, "Power Pod", 4 ft. daylight opening, 78"x103" pressing area with 4 glue platten, electric run-up with air; B'AUERLE double cut up saw, 9'0" opening, with scoring blades, 3 phase, power traverse, with new track & rack gear, 2 16" cut up blades, 2 8" scoring blades; POWERMATIC 10" tilt arbor saw, 3 hp with magnetic start, 3ph; BOICE-CRANE 10" tilt arbor saw, 2hp, 1ph; WALKER-TURNER joiner, 6", short bed on portable stand, 1hp motor; POWERMATIC hollow chisel mortiser, 1 1/2hp, 1ph, model DE56C34F168BW; HAMMER face frame clamp, multiple face, frames horizontal; 2 Complete "I" beam turn buckle 4x8 clamps; BLACK BROS. 42" rotary press, power fed, explosion proof, on casters; Conveyors, 36" roller & 24" skate wheel, 4 to 8 ft. lengths; ROCKWELL 20" drill press, auto feed, 3/4hp, 1ph; ROCKWELL 14" drill press, 3/4hp, floor models, one single & one variable; RITTER hole boring machine, air/electric, 2 head, 13 holes per head at 2" centers, ideal for shelf clips, 2 Lincoln motors, 3ph; COMMANDER multiple drill head, variable feed radial movement, 1 1/2hp, 3ph, 104" track; ARO CORP pneumatic drills (4), 2 model 82-65-25-1, on way & table, adjustable with air hookups & controls; SANDRITE wire wheel & brush, belt driven, 3/4hp, 1 ph, with stand; OCMAC edge bander, single side, mini with T&B trim, wood, plastic & tape; EVANS-ROYAL EZY-T-EDGE T-molder, air hammer/90 degree cut-out for turning corners, then cuts to length, includes stand; EDGEMATE hot melt tape bander; EDGEMATE T&B trim with stamer & collector; PACE hot melt glue applicator, rigid on tape; WHITE-MYERS plastic slitter, slit up to 6" wide, 1/2hp on moveable stand; POWERMATIC model 26 shaper with reverse speeds; WALKER-TURNER shaper; 4 ton hand press; ENERPAC 450 degree lab press, electric, T&B, hydraulic; ROCKWELL shaper; DEWALT radial arm saw with stand.

**TOOLS & HARDWARE & OFFICE EQUIPMENT**

ROLL-A-ROUND tool cabinets, motors, wire, cases of hardware (hinges, pulls, slides); Electrical fittings; Plumbing supplies; Grinder; Tubing; Sinks; Air guns; Power cable; Vise; Booms; Treader; Tap & dies; Wall hung tool cabinets; Clamps; Closet rods; Drills; Heaters; Paint tanks; GRACO airless spray unit; T-molding; Furniture pads; WETZLER wood clamp; LOADSTAR electric hoist; Scissor lift table; Time clock; Drafting boards; Vise; Conveyors; Power belt; Gravity roller; Metal lathe cutting tools; Electrical wire; Skate wheel; Disc sander; 1/2" particle board, 1/4" cover board; Plastic laminate; Backer sheets; Air staplers; Electric screw gun; 1/4" drills; Many coils black T-molding; Angle iron; Single oxygen outlets. Plus more items.

A.B. DICK model 675 copier with stand; A.B. DICK 7201 velobinder; HYTROL roller conveyor; A.B. DICK #107 plate exposure unit; STRIP PRINTER photo composing machine; folder.

INGERSOLL RAND 5 H.P., 20 cu. ft., Horizontal Tank  
1971 Ford L 600 Custom Cab 20' Straight Truck, full height, 21,000 GW, New Engine, Low Mileage, hydraulic lift gate on rear, 1 Owner, 2 speed rear end.  
40 ft. Trailmobile Aluminum Trailer, single axle

**PHOTO EQUIPMENT**

CALUMET view camera, 22" bellows, serial no. 15194; CALUMET ilex lens, 165mm, F:6.3 (on camera); CALUMET ilex lens, wide field Caltar, 90mm, F:8, no. 2016; CALUMET ilex paragon lens, 4 1/4", F:4.5; CALUMET ilex lens, Caltar, 10", 245mm, F:6.3, no. 4046; WESTON MASTER 111, universal exposure meter, model 737; POLAROID land film holder no. 500 for 4x5 Polaroid land film packets; 2 SMITH-VICTOR track lights and track, model CB-1, max. rating 1250W, including (2) 1000 W bulbs; Back drop screens, roll down, including black side curtains; OMEGA Pro-lab 4x5 enlarger, 150mm; COLIGHT light table, 18"x23" scale; MAJESTIC tri-pod, model 2500 with Majestic tri-pod table, model 1200.

**TERMS**

Cash, cashier's check, company checks accepted if accompanied by current letter of credit from bank.

Checks are payable to Gordon Gochenaour Furniture, Inc.

25% deposit at time bid is struck down, balance in full at the completion of the auction.

Some items subject to sale by owner's confirmation.

All sales are AS-IS, WHERE-IS without any guarantees or warranties expressed or implied by auctioneer & seller.

The buyers are responsible for the removal of their purchases at their own risks & expense within 7 days.

**\*IMPORTANT NOTICE\***

*Try  
growing  
vetch*

NEWARK, Del. — The hot dry summer cut hay and silage yields and is certain to push up grain costs for dairy farmers.

To soften the blow, grow supplementary feed during the fall and early spring months, advises University of Delaware extension agronomist William Mitchell. Any of the cereal grains—such as rye and barley—can be used for grazing, green chop or even for spring hay if grown in a mixture with crimson clover, winter peas or vetch. Planted where corn silage has just been removed, they will serve a dual role as cover crops to reduce erosion and, later on, as feed for your herd.

Hairy vetch has long served as a supplementary feed. The late Delaware governor, C. Douglas Buck, regularly grew vetch and rye as a fall and spring grazing crop for his Guernsey herd in New Castle County. Tests at the University of Delaware have shown that when planted in early September, this will produce more than two tons of hay equivalent by the first week of May the year following. If harvested promptly the land will again be available for a planting of corn silage or other feed crops, says Mitchell.

Vetch should be seeded at 25 pounds per acre. It can be broadcast or drilled with equally good results.

Best stands have been obtained when the seed is covered lightly with soil. This would, of course, be accomplished by drilling. But the same results are possible if the soil is disked prior to broadcasting vetch seed. Rain will work seed into the loose soil.

Coverage also can be improved by cullpacking.

A heavy vetch crop will contain as much as 200 pounds of total nitrogen. This translates to 1200 pounds of crude protein per acre.

It would take 50 bushels of soybeans to supply a similar amount of crude protein. This has a current market value of about \$400, which gives you some idea of the value of a crop of vetch.

Since the residual fertility following corn is adequate to produce vetch, your only out-of-pocket expenses would be seed at 70 cents a pound, and the fuel to prepare the ground and make the seeding.

It's a productive and low-cost crop that could come in handy as supplementary feed next spring.
