## Pair of Guernseys tops 17,000 pounds

LITTLESTOWN — Two registered Guernsey cows in the herd of Mervin K. Myers, Littlestown, have recently completed the top official DHIR actual production records, according to The American Guernsey Cattle Club.

All cows were milked two times a day. The testing was supervised by Penn State.

PINEY LANE NANCE EMLY, a seven year old, produced 17090 pounds of milk and 734 pounds of fat, in 305 days.

PINEY LANE WINSTON ATHENA, a four year old, produced 17260 pounds of milk and 865 pounds of fat, in 305 days.

Grandpa Snavelly Says...

ARE YOU THINKING ABOUT ROOFING?

Get New  
**DURASHIELD**  
Corrugated Roofing and

**SAVE \$\$\$ FOUR WAYS**

Whether re-roofing or re-siding an old structure, or building a brand new one, extremely strong and lightweight Durashield is ideal for barns, confinement buildings, storage sheds, garages, marinas, commercial structures and similar applications.

**SAVE 1** Generally, the initial purchase of Durashield figures out to be lower priced than other types of corrugated roofing.

**SAVE 2** Because new Durashield comes in 8, 10, 12, 14 and 16 foot lengths it goes on faster. It installs directly on purlins, no decking necessary. So you have big savings on installation costs.

**SAVE 3** New Durashield is an acrylic coated, asphalt impregnated, cellulose fiber material that can't rust or corrode. It insulates and helps control condensation. It's immune to animal wastes, fertilizers and many chemicals. Whatever you're storing under Durashield, it's better protected so saves you money with less loss and/or less maintenance.

**SAVE 4** Accelerated testing proves new Durashield lasts long under all types of weather conditions. No need for early repairs or replacements, so you save in the long run.

New Durashield is sold and distributed throughout Eastern Pennsylvania by J.C. Snavelly & Sons, Inc. of Lancaster, Pa. If you're interested in roofing your building, or as a dealer interested in stocking Durashield, contact us immediately.
