

In previous issues these successful farmers told you how Mix Mill cut their operating cost

RONNIE GAYMAN
Hillside Poultry Farm
Chambersburg, Pa.
Using Mix Mill 2½ yrs.

PAUL WOGELMUTH
Green Tree Farms
Elizabethtown, Pa.
Using Mix Mill 3 years

RICHARD HERR
Ric-Hill Farms
R.D. 5 Gettysburg, Pa.
Using Mix Mill 2 years

VERNON BOLTE, Sales

Today this man can plan the successful operation of your own Mix Mill Feed Factory and show you how to acquire it with little or no increase in your operating budget!

"Today's agricultural market demands controlled operation expenses if the farmer expects a profit. One of the areas in which this "control" can be exercised is in the purchase and/or manufacturing of feed.

You are aware of other's tremendous savings having read our previous commentaries, I am sure. Perhaps you are interested in obtaining a Mix Mill System but have considered the amount of investment and have decided to forgo the convenience of fresh wholesome feed and the pleasure of increased profit because of financial involvement.

Today you can have a custom system without borrowing money or even investing your working capital. Your payments will be fully tax deductible and will most likely fit right into your present budget...Let's talk!"

MIX MILL IS:

- AUTOMATIC.** Turns itself on, runs as long as necessary, and turns itself off
- ACCURATE.** Blends exact proportions of every ingredient. Even small amounts of special minerals and medications are metered precisely into the feed
- FLEXIBLE.** Change rations simply. Special ingredients that you don't want around can flow directly to the discharge auger
- NO FUEL WORRIES.** Electrically powered. Economical mechanism
- SAFE.** Mill is completely enclosed, will not operate unless all panels are in place

Please tell me more about Mix Mill and your new easy-to-acquire program. I understand there is no obligation to buy.
