FARM EQUIPMENT

FARM EQUIPMENT

Make every bite right.

Combine **Ensilmixer** feed mixer, with scales, and a **Jamesway TMR** system.

You can increase production. Reduce feed costs. And improve labor efficiency. All, when you use an Ensilmixer feed mixer with scales by Oswalt* to round out your Jamesway Total Mixed Ration (TMR) feeding system (including silage distributor unloaders, conveyors and cattle feeders). Or use it with any mechanized feeding system. Whether you prefer the stationary, trailer mounted or truck mounted model, it's a real profit building management tool.

Precisely weighs ingredients. Accurate weighing means consistent balanced rations, eliminates waste. Lets you calculate the amount of feed needed and mix that much. Weigh bar system is standard, electronic scales optional.

Unique mixing pattern blends feed thoroughly. Three augers move feed from front to back and side to side. Reverse fighting at both ends lets feed fall freely for recirculation or discharge by the bottom auger. Uniformly mixes even partial loads.

That's why the Ensilmixer feed mixer with scales and TMR feeding system are right for you as well as your cattle. And can help make farming just a little bit better. Ask your Jamesway Power Choring dealer.

We Have Models In Stock - Available At:

DEPENDABLE MOTOR CO.

East Main St., Honey Brook, PA
