Don't play the numbers...

Pick a winner!

Almost everywhere you look there s a layer with a new model number! When a bird doesn't perform naturally the breeder starts tinkering. Everything he changes calls for a new model number something else to talk about Trouble is he s gambling What s worse he s asking you to gamble? Not so with Hisex! We have no model numbers - just hen housed performance that gets a little better every year. The only numbers we talk about are production conversion per cent grade A large and profit the numbers that help Hisex win more contests than any other dig name layer that keep Hisex winning in production units flock after flock year after year So next time you need replacements talk it over with your Hisex Distributor first If you re not yet acquainted let us introduce you
