

# THE **BIG ONES** ARE HERE

*to help you spread it ... faster,  
with fewer trips to the field and with  
more convenience, quality and reliability.*

The folks who invented manure spreaders present the 8.5-Ton Model 244 (325 bu.) and 10-Ton Model 245 (375 bu.), their newest and biggest spreaders yet. With THE BIG ONES, Avco New Idea combined the best of their time-tested and performance-proven features with new modern styling and increased capacity. Plus, there are other new features that you told us you need.

You get a new heavy duty worm gear conveyor drive and an extra rugged beater with deep formed paddles. You also get convenient conveyor control and an all-wood box that resists acids.

Then there are options like a rugged hydraulic endgate, a pan attachment, an upper beater and hydraulic controls. Get it all with THE BIG ONES! See them today at your Avco New Idea Dealer.

8.5 Ton Model 244 (325 bu.)

10 Ton Model 245 (375 bu.)
