

# LIMING PAYS and BAKER'S AG \* LIMESTONE

Liming pays off in healthier soil, better crops, stronger and more productive animals.

Baker's agricultural limestone pays off best because it does more. It sweetens soil to reduce acidity and raise pH level, and it also adds vital magnesium. Both are important to make sure that your crops can make full use of the fertilizers you apply.

Take care of your land, and your land will take care of you. Choose the brand of Baker's agricultural limestone that meets your needs.
