Hard Surface, Under cut or Short Adams Rock Shares.

Regular Prices \$18.99 to \$19.99  
Sale Prices As Marked.

Hard Surface Rock Shares give you many advantages. The nose of the share is protected on the bottom side with a deposit of tungsten carbide that is twice the area covered by competitive shares. In addition tungsten carbide is deposited on the quarter bar of the share which gives the greatest possible life as well as holding the nose to the original shape for a much longer time. Super high alloy hard metal is used on blade section of share and because of such high alloy deposit can be applied in a wider and thinner application. Therefore the share is thin and sharp which greatly reduces friction and actually creates a self sharpening blade edge creating a huge savings in fuel consumption. Many users claim fuel savings actually pay for shares. In addition to the large increase in share life. Most competitive shares have much too thick a hard metal deposit and share remains dull for its entire life. Prices do not include bolts from listing for all shares. Broken Hard Surface Rock Shares replaced FREE as long as share is not worn out.

**FOR CASE**

Uses 1/2" front bolt, 3/8" on others

14 4 hole 16019-002 9 99

**FOR JOHN DEERE**

3 hole uses 7/16" bolts, 4 holes uses one 1/2" & three 7/16" bolts

Bolts included when you buy a box of 6

**SAVE up to 3 10 DISC BLADES**

New Heat Treated Disc Harrow Blades

Made of heavy gauge high carbon alloy steel heat treated for long trouble free service. The special forging process used gives the blade a finer grain in the steel and makes it tougher and much more able to withstand rough usage. The cutting edges are hardened to hold their edge longer yet are not brittle and will not easily break or split when striking stones or other hard objects. All fit square axles unless indicated.

**Rock Share**

**BROKEN SHARE REPLACED FREE!**  
As Long As Share Is Not Worn Out  
Applies only to Rock Shares

The extra heavy duty long wearing share is made of top quality spring steel. Extra material is added to the nose of the share making it wear twice as long and extra strong to eliminate breakage. Our extra heavy duty plow shares wear as long as any other share on the market. Order bolts separately from listing as blade price does not include bolts. Front hole uses 1 1/2" long bolt. Made in USA
