

Holstein Assn. sets local classification schedule

LANCASTER — The classification program undertaken each year by the National Holstein Association is underway.

Each month different counties in Area I, which comprises most of the Northeast, will be visited on a regular schedule by herd classifiers.

Last month the counties in Delaware and Eastern Maryland were classified. Below is a state-by-state and county-by-county listing of when other Area I Holstein Association members can expect classifiers to visit their area.

For specific dates and hours in your county, contact your Holstein Association fieldman or the local office in Harrisburg
