

Berks SCD to hold tree sale

LEESPORT — The Berks County Conservation District has announced their annual tree sale has begun. Orders for tree seedlings are presently being accepted and will continue to be available until the March 31 deadline.

This year nine varieties are available.

Austrian Pine, Colorado Blue Spruce, Douglas Fir, Mugho Dwarf Pine, Norway Spruce and Scotch Pine are available at three and four year old seedlings at a cost of 10 for \$2.50 or 100 for \$17.

Arborvitae will be available as three year old seedlings for a cost of 10 for \$3.50 or 100 for \$27

Also available this year are one year old seedlings of Red Maple and White Birch. The cost of these seedlings is \$1 each for the Red Maple and \$1.75 each for the White Birch.

The seedlings will be available for pick-up at the Berks County Agricultural Center, located across from the Berks Heim, on Friday, April 24 between 9 a.m. and 6 p.m., and Saturday, April 25 from 9 a.m. until 4 p.m., at the rear of the building.

Notices will be sent about two weeks prior to the pick-up date as a reminder.

Order forms and checks made payable to: Berks County Conservation District, Agricultural Center, Leesport, Pa 19533

Lancaster District to offer tree seedling sale

LANCASTER — The 7th Annual Tree Seedling sale will be sponsored by the Board of Directors of the Lancaster County Conservation District on April 25, 1981

Trees help purify the air, act as windbreaks and sound buffers, provide cover for wildlife, produce products like Christmas trees, nuts, lumber and firewood, and provide aesthetic appeal

Evergreen species being offered in 1981 are Scotch pine, Norway spruce, blue spruce, white pine, Douglas fir and hemlock. Hardwoods include white flowering dogwood, red oak, black walnut, black locust and tulip poplar

The cost for tree seedlings are as follows: hardwoods, \$1.00 each; evergreens, \$2.50 for a packet of 10 seedlings of the same variety; \$5.00 for a packet of 10.

To order seedlings, contact the District Office at the Farm and Home Center, Room 6, 1383 Arcadia Road, Lancaster, PA 17601, Telephone No. (717) 299-5361, to receive an order blank. Fill in the order blank and return it along with payment for trees before March 27, 1981.

Seedlings can them be picked up on Saturday, April 25, 1981 at Longs Park.

Pork Congress

(Continued from Page A1)

producers," Henkel explained. John Saunders, Vice President of the National Pork Producers' Council, will be visiting with the Keystone producers during the evening's banquet. He will be setting the stage for a motivating and inspiring presentation called 'My America' by Charles Plumb, a war veteran.

Commercial exhibits for the trade show have dropped slightly this year due to economic trends, confessed Henkel. But eighty-one exhibitors still will provide plenty for producers to sample and study.

Mabel Strock, Porkette President, is enthusiastic about this year's women's program during the Congress.

"We're going to be concentrating our topics on the main goals of the Porkettes — promotion and nutrition," she said. "Penn State's John Ziegler will be talking about the nutritive value of pork. And Joanne Ketterer, a home economics teacher at Shippenburg High School, will be demonstrating how to prepare pork hors d'oeuvres"

Strock emphasized the need for

more in-store promotion of pork by the Porkettes, and noted this will be one of the topics discussed during the annual business meeting. Other topics will include the need for more organization in the western part of Pennsylvania along with the possibilities of a commodity representative — queen or king

The Porkette's day will close with Abe Landes of Hatfield Packing Company discussing the use of pork in the school lunch program.

"We're trying to keep our women's program short so that it doesn't fill up the day," Strock concluded. "A lot of women are involved in pork production — taking care of the farrowing barn and other areas — and they are just as interested in the producer's program"

So, no matter what gender of pork producer you are, the 3rd Pennsylvania Pork Congress is a sure bet for learning how to push pork for profit.

The Agway DNI feeding program gives these hens the nutrients they need. And without wasting dollars.

The Agway Daily Nutrient Intake (DNI) feeding program gives your birds the nutrients they need for maximum production at the lowest possible cost. The simple and efficient DNI system prevents overfeeding of expensive protein while meeting your hens' daily requirements for amino acids and other nutrients

Today there's no need to put more nutrients in your bins than your hens need

MAINTAINS A CONSTANT NUTRIENT LEVEL AS DAILY INTAKE CHANGES

The idea behind the DNI program is simple: as feed intake varies, change feeds to avoid paying for more nutrition than your birds require.

Suppose, for example, your flock is eating 100 grams of feed per bird daily (22 lbs /100 birds). Under the DNI program, your feed would be

Agway High Layer 1000 During cold weather, when the birds moved up to 110 grams of feed daily, you'd switch to High Layer 1100+ to maintain daily nutrient intake at the required level. Paying for more protein than necessary can significantly affect the profitability of your business

By monitoring your flock's intake, you'll know when to change feeds (such as Agway High Layer 900 when birds are eating just 90 grams of feed/day, or High Layer 1100+ when birds are consuming 110 grams of feed/day)

Even though your birds' feed intake varies seasonally on the Agway DNI program nutrient intake remains constant provided you change feeds based on intake

YOUR AGWAY POULTRY SPECIALIST CAN HELP SET UP A DNI PROGRAM FOR YOUR OPERATION.

Agway Poultry Enterprise specialists are available to help you set up a DNI program for your operation. You'll find that DNI is simple. All you do is watch your birds' feed intake and adjust feeds accordingly

So contact your local Agway today for more details on the DNI program — the system that makes sure your birds get the nutrients they need without wasting dollars

Working for people who work the land

MILLER DIESEL INC.
 6030 Jonestown Rd
 Harrisburg, Pa
