### **Get quality IH** blades for your disk harrow at value prices.

Give your harrow a cutting edge for profit.

Full concavity blades, plain and notched

There's a difference in disk blades. USDA Tillage Lab tests showed that IH crimped center blades not only are tough and long lasting, but also require less drawbar pull than many others. That means savings in time and fuel, too. Come see. We have a full stock and can fit all IH disk harrows as well as most other makes. Get IH quality and save!
