WIC BEDDING CHOPPER

**No Competitor Can Beat The
WIC CHOPPER For
Performance And Cost**

The Wic bedding chopper chops straw, hay or corn fodder and spreads it uniformly under your cows, all in a single operation. When you use chopped bedding, you save on straw and your cows stay much cleaner. On top of that, cleaning up is a breeze...

All models of Wic's bedding chopper have four rows of knives insuring a better spreading action

Wic has also forseen an adjustable grill in 5 positions to avoid overloading the motor while using different bedding such as damp straw old hay etc

With a simple adjustment that either speeds up or reduces the rotation of the tub you can cut the bedding to the desired length. Wic the futuristic chopper now!

Very quiet, these bedding choppers are mostly used on small or medium sized farm. As well as being mobile the 220 volt a.c. model can be installed stationary. Motor 220 volt a.c. 3 h.p. 24 volt d.c. 2 1/2 h.p.
