

Berks Guernsey

(Continued from Page A18)

were Millie Linde, National Guernsey Queen. Millie outlined some of her exciting experiences, which included attending the National Guernsey Show, in Madison, Wis., and touring the Hoard's Dairy Farm, where the Guernsey herd is averaging 16,000 pounds of milk.

The key to these high records, Millie related, was use of only top sires and properly managing the heifers and feeding programs. Millie told the dairymen that the heifers at this farm were grouped by size in an open shed and fed a good quality hay supplemented with grain and other needed

nutrients.

Millie urged the Guernsey breeders to promote milk and help educate the consumer. The National Guernsey Queen also told the dairymen to do their part in promoting their breed.

'The Golden Guernsey is an economical cow,' she said.

The newly elected officers of the Guernsey Breeders are president,

Robert Smith; vice-president, Marlin Stoltzhus, secretary, Carl Hollenbach; treasurer, Lloyd Dreibelbis, directors for three-year terms, Duane Petershune, and Roy Stoltzhus.

You're Invited To Attend MAX-TEN 200 High Tensile Fence Wire

Erection Demonstration

Why High-Tensile Fence Systems?

- ★ Strong & Long-Lasting
- ★ Easy to Install
- ★ Low Maintenance
- ★ Economical

KOPPERS
Engineered Products

AGWAY answers your needs

An Automatic COAL-WOOD FURNACE with ROTARY GRATE? GREAT!

AN ESHLAND INNOVATION
WORKING FOR YOU!
These units are designed for burning
both Coal and Wood with max
imum efficiency and convenience.

The conditions for burning these
two fuels are considerably different
and Eshland designers
met the challenge.

The AUTOMATIC DUAL DRAFT
system and unique ROTARY
GRATE make it extremely
convenient and easy to switch
from one fuel to the other
and THERE'S MORE like
• Large Capacity 40 & 55 Gal
Models
• Aquastat Controls
• Available in two parts for easy
handling and installation
• Economical source of domestic
Hot Water
