

Farm Equipment Expo to open

Goats made their debut at last year's Expo. This year they will have their own full-fledged show. The First Spring Classic Goat Show will

be held Thursday, March 5 at 9:30 a.m. The show is sponsored by the Blue Mountain Dairy Goat Association.

Robert Decker, had the high-placing Pennsylvania draft horse pulling team at the 1980 Expo in heavyweight competition. Presenting him with his trophy was Pa. Secretary of Agriculture Penrose Hallowell and Deputy Secretary Chet Heim.

CHEESE

The Agway DNI feeding program gives these hens the nutrients they need. And without wasting dollars.

The Agway Daily Nutrient Intake (DNI) feeding program gives your birds the nutrients they need for maximum production at the lowest possible cost. The simple and efficient DNI system prevents overfeeding of expensive protein while meeting your hens' daily requirements for amino acids and other nutrients.

MAINTAINS A CONSTANT NUTRIENT LEVEL AS DAILY INTAKE CHANGES

The idea behind the DNI program is simple: as feed intake varies, change feeds to avoid paying for more nutrition than your birds require.

Suppose, for example, your flock is eating 100 grams of feed per bird daily (22 lbs./100 birds). Under the DNI program, your feed would be

Today, there's no need to put more nutrients in your bins than your hens need.

Agway High Layer 1000
During cold weather, when the birds moved up to 110 grams of feed daily, you'd switch to High Layer 1100+ to maintain daily nutrient intake at the required level. Paying for more protein than necessary can significantly affect the profitability of your business.

By monitoring your flock's intake, you'll know when to change feeds (such as Agway High Layer 900 when birds are eating just 90 grams of feed/day or High Layer 1100+ when birds are consuming 110 grams of feed/day).

Even though your birds' feed intake varies seasonally, the Agway DNI program nutrient intake remains constant provided you change feeds based on intake.

YOUR AGWAY POULTRY SPECIALIST CAN HELP SET UP A DNI PROGRAM FOR YOUR OPERATION

Agway Poultry Enterprise specialists are available to help you set up a DNI program for your operation. You'll find that DNI is simple. All you do is watch your birds' feed intake and adjust feeds accordingly.

So contact your local Agway today for more details on the DNI program—the system that makes sure your birds get the nutrients they need without wasting dollars.

Working for people who work the land

WHITE WASHING WITH DAIRY WHITE

- DRIES WHITE
- DOES NOT RUB OFF EASILY
