There never was a better time to step up to the combine leader. An MF combine will get your crop in under all kinds of conditions, putting more clean grain in the tank. That's why they're the choice of North America's farmers. Right now we've got some extra-special factory allowances to work with on MF 500 and 700 Series combines . . . so we can make our everyday good

deal even better. Finance with Massey-Ferguson and you won't pay any finance charges until season of use: August 1, 1981 on grain combines, September 1, 1981 on com/bean combines. Don't wait though, the earlier you act the better the deal we can make! Selections will be better, too.

“So let's talk . . . NOW!”
