## WIC BEDDING CHOPPER

**No Competitor Can Beat The WIC CHOPPER For Performance And Cost**

The Wic bedding chopper chops straw, hay or corn fodder and spreads it uniformly under your cows, all in a single operation. When you use chopped bedding, you save on straw and your cows stay much cleaner. On top of that, cleaning up is a breeze...

All models of Wic's bedding chopper have four rows of knives insuring a better spreading action

Wic has also forseen an adjustable grill in 5 positions, to avoid overloading the motor while using different bedding such as damp straw old hay etc

With a simple adjustment that either speeds up or reduces the rotation of the tub, you can cut the bedding to the desired length Wic the futuristic chopper now!
