(Turn to Page D4)

Switch fertilizer tanks to a Calumet liquid manure spreader with soil injector.

Livestock manure is valuable. So it makes sense to keep as much of that value in the ground as possible. A Calumet 2 or 4-shank soil injector does just that. Teamed with a Calumet liquid manure spreader, the injector puts manure as deep as 12 inches. This can help retain four times the nitrogen that's lost with surface application, as well as reduce odors and runoff.

See the full line of Calumet spreaders from 1625 to 4500 gallons, and Calumet 2 and 4-shank soil injectors at—

The Calumet Company, Inc. **Calumet**

USED EQUIPMENT

- 1 - Clay V2250
- 2 - Calumet 10 Ft. Pit Pumps
- 1 - Better-Bilt 12 Ft. Auger Pit Pump
- 1 - 24 Ft. Nisseth Open Pit Pump

DO YOU KNOW WHAT "SPRING RISE" IS?

This Is Nature's Way To Re-Contaminate Your Farm Premises with Worm Eggs!

Look At The Chart Below - Showing Actual Egg Counts From The Same Cattle During A Whole Year.

SPRING RISE OF EGG PRODUCTION

1974 - T.A. Yaswinski, M.S. and H.C. Gibbs, DVM, Ph.D.
Journal Veterinary Research Nov. 1975

This is why a spring de-worming of the whole herd with Baymix is so important - before heavy egg laying occurs.

Stop this re-contamination of your farm with a springtime, whole herd, Baymix Treatment.

BAYMIX IS AVAILABLE AT YOUR LOCAL NEW HOLLAND SUPPLY DEALER
