This pig reached 221 lbs. in just 150 days on the Agway swine feeding program. And that's not unusual.

It's no secret that feed is the single biggest cost in producing pork. That's why it pays to make sure your feeding program gets your pigs to market weight in the shortest possible time.

From Agway Squealer Pellets to Agway Pork Finisher, there's a farm-tested Agway feed nutritionally formulated for each stage of a pig's growth. Agway complete swine feeds provide all known nutritional needs, including energy, protein (amino acids), minerals and vitamins.

COMPLETE AGWAY SWINE FEEDS	% Protein	% Fat	% Fiber
Squealer Pellets (MX)	18	4.0	3.0
Pig Starter Pellets (PT MX)	18	3.5	4.5
Hog Feed (T 20)	14	3.5	5.0
Pork Finisher (T 20) 4	12	3.5	5.0

4 of 8 Agway swine feeds available
The farm tested Agway swine feed program can help make each of your pigs an ideal pig

And Agway also supplies a complete line of medicated feeds and supplements.

BACKED BY FEED TRIALS ON 1800 PIGS ANNUALLY.

Agway, in conjunction with other cooperatives, runs feed trials on 1800 pigs annually at the Agway Swine Research Farm in Lexington, Ill.

New feed ideas are constantly tested and proven, and the results incorporated into the Agway swine feeding program.

The ideal hog, as defined by the American Pork Congress, attains a weight of 220 lbs. in 150 to 165 days. It requires no more than 3 lbs. of feed per each pound of gain and delivers a loin 30 inches long with a loin eye of 5 square inches.

In the past, Agway Squealer Pellets and Agway Starter Pellets were developed as the direct result of this program.

YOUR AGWAY SWINE EXPERT CAN TELL YOU MORE.

The latest research results and the details on the Agway swine feed program are available from your Agway Enterprise Serviceworker. Contact him through your local Agway.

An Automatic COAL-WOOD FURNACE with ROTARY GRATE? GREAT!

AN ESHLAND INNOVATION WORKING FOR YOU!
These units are designed for burning both Coal and Wood with maximum efficiency and convenience.

The conditions for burning these two fuels are considerably different and Eshland designers met the challenge.

The AUTOMATIC DUAL DRAFT system, and unique ROTARY GRATE make it extremely convenient and easy to switch from one fuel to the other and THERE'S MORE like:

- Large Capacity 40 & 55 Gal Models
- Aquastat Controls
- Available in two parts for easy handling and installation
- Economical source of domestic Hot Water
