

## Project book winners at Twin Valley FFA

ELVERSON — Five students from the Twin Valley Future Farmers of America placed high in the state project book contest.

In the dairy heifer category, there were 12 entries, Steve Kearns received a silver medal. Steve is the 17-year-old son of Mr. & Mrs. James Kearns. Steve owns two Brown Swiss heifers which he shows at summer shows and fairs. This particular category and other production books are judged on the basis of their improvement projects, efficiency, neatness, and accuracy.

Also receiving silver medals were Tim Kurtz, 17-year-old son of Mr. & Mrs. Calvin Kurtz; Bill Kirk, 16-year-old son of Mr. & Mrs. Robert Kirk; and Jeff Wolfe, 17-year-old son of Mr. & Mrs. Thomas Wolfe. Each of these kept records

of daily routines and duties in the On-Farm work experience book. In the contest Eric Wright, 17-year-old son of Mr. & Mrs. John Wright received a bronze medal. The work experience books are judged on the number of hours worked, money earned, and the accuracy.

The Twin Valley chapter earned a second place gold in the scrapbook contest. Wade Bernard, chapter historian, worked throughout the year organizing and designing our scrapbook. The scrapbook consists of articles from prior contests, pictures of activities, and outstanding members. It serves as a pictorial history of chapter activities on a calendar year basis. Scrapbooks are judged on organization, neatness, creativity, and the ability to tell the FFA story.

## New P. Hereford Assoc. forms

SWANTON, Md — A new Polled Hereford Association has been formed recently and is looking for new members.

The Mason-Dixon Polled Hereford Association was formed in January. The organization's next meeting is scheduled for Tuesday, April 7 at Garrett Community College.

The fledgling group promoting "The Big Bold Breed" has planned an ambitious year, and has already scheduled its first Field

Day and Annual Meeting to be held June 6

In addition to membership for pure-bred and commercial breeders memberships are available to interested youth and associate memberships are available.

For more information on joining the Mason-Dixon Polled Hereford Association contact William Buser, P.O. Box 3025, Swanton, Maryland 21561.

# TEMIK®

## It pays off in better yields. The proof is in the performance.

Potato growers are proving it.

TEMIK provides superior aphid control, preventing the spreading of potato leafroll virus (which can later show up in costly tuber net necrosis), and protects against Colorado potato beetles, leafhoppers and fleabeetles — even organo-phosphate resistant species. TEMIK aldicarb also protects AGAINST NEMATODES AND SUPPRESSES Verticillium wilt.

So, don't take a chance. Get the best pesticide you can buy. Check with your pesticide supplier, or your neighbor. Then try TEMIK in your field. You'll see why the proof is in the performance.

**STOP! ALL PESTICIDES CAN BE HARMFUL TO HEALTH AND THE ENVIRONMENT IF MISUSED. READ THE LABEL CAREFULLY AND USE ONLY AS DIRECTED.**

TEMIK is the registered trademark of Union Carbide Corporation for aldicarb pesticide
