DISC BLADES

New Heat Treated Disc Harrow Blades
Made of heavy gauge high carbon alloy steel heat treated for long trouble-free service. The special forging process used gives the blades a finer grain in the steel and makes it tougher and much more able to withstand rough usage. The cutting edges are hardened to hold their edge longer yet are not brittle and will not easily break off when striking stones or other hard objects. All fit square axles unless indicated.

Rock Share

BROKEN SHARE REPLACED FREE!
As Long As Share Is Not Worn Out.

Applies only to Rock Shares
The extra heavy duty long wearing share is made of top quality spring steel. Extra material is added to the nose of the share making it wear twice as long and extra strong to eliminate breakage. Our extra heavy duty plow shares wear as long as any other share on the market. Order bolts separately from listing as blade price does not include bolts. Front hole uses 1 1/2" long bolt. Made in USA.
