

INTRODUCING THE NEW CHORE-TIME MEAL-TIME™ FEEDING

STAGE I

When they leave mother, there's no better way to get pigs started

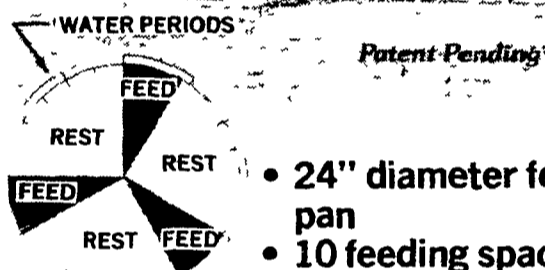

- 18" diameter feed pan
- 10 feeding spaces per pan
- 20 pigs per unit

- Water constantly available (from separate waterers)
- 3 feeding periods per day, 2 hours each
- Water delivered into pan before feed
- Use feed ration of your choice

STAGE II

The feeding system that keeps pace with rapidly-growing hogs

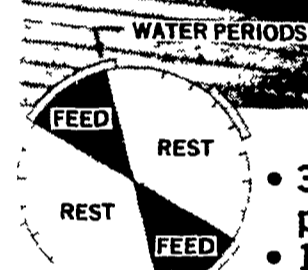

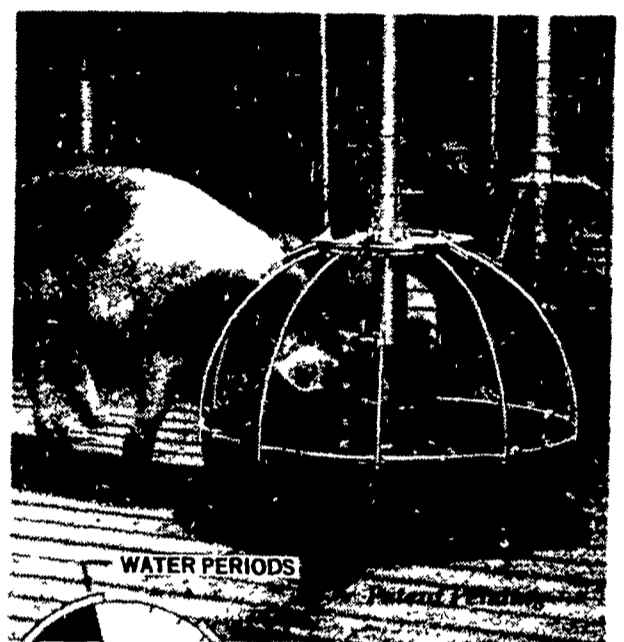

- 24" diameter feed pan
- 10 feeding spaces per pan
- 20 pigs per unit

- 3 feeding/watering periods per day, 2 hours each
- Watering period between feeding periods
- Use feed ration of your choice

STAGE III

Where feed efficiency proves that programmed feeding pays off

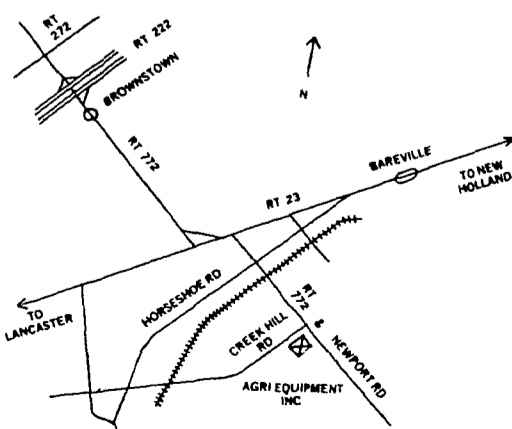

- 30" diameter feed pan
- 10 feeding spaces per pan
- 20 hogs per unit

- 2 feeding/watering periods per day, 3 hours each
- Watering period between feeding periods
- Use feed ration of your choice
