WIC BEDDING CHOPPER

No Competitor Can Beat The WIC CHOPPER For Performance And Cost

The Wic bedding chopper chops straw, hay or corn fodder and spreads it uniformly under your cows, all in a single operation. When you use chopped bedding, you save on straw and your cows stay much cleaner. On top of that, cleaning up is a breeze...

All models of Wic's bedding chopper have four rows of knives insuring a better spreading action.

Wic has also foreseen an adjustable grill in 5 positions to avoid overloading the motor while using different bedding such as damp straw, old hay etc.

With a simple adjustment that either speeds up or reduces the rotation of the tub, you can cut the bedding to the desired length. Wic the futuristic chopper now!

ELECTRIC BEDDING CHOPPER

Wic also makes an electric 200 volt a.c. chopper or a 24 volt d.c. battery operated chopper including an automatic charger. These two models are equipped in the factory with a manual starter panel and are protected by fuses to diminish risk of accidents.

Very quiet these bedding choppers are mostly used on small or medium sized farms. As well as being mobile the 220 volt a.c. model can be installed stationary. Motor 220 volt a.c. 3 h.p. 24 volt d.c. 2 1/2 h.p.

GAS BEDDING CHOPPER

The gas powered bedding chopper is the most popular on the market. Its operation is simple and it handles easily. Equipped with a Honda 4 stroke gas engine the Wic bedding chopper insures maximum output while in use.

Motor 5.7 or 10 h.p. 4 stroke Honda
 Starter 5 h.p. manual and 7 and 10 h.p. manual or electric start

POWER TAKE OFF BEDDING CHOPPER

Wic has perfected a three point hitch PTO chopper activated by the power of your tractor. Easy to install, it is ideal for free-stalls or in strawberry fields for mulching purposes.
