

Talk to the man who knows

Pump...Agitate...Fill! The versatile Badger Northland Pump/Agitator is available now! The portable Badger Northland BN 103 is built for years of tough, dependable, high capacity performance. It's versatile enough to handle anything you can give it. Designed to pump and agitate pits or lagoons, it can also be used as a manure transfer system for transferring manure from holding pits to lagoons or other storage facilities. Choose the gearbox that matches your tractor's horsepower and PTO RPM.

The BN 103 features an agitator nozzle which sweeps a full 300° for thorough agitation. Reaches all corners of the pit or lagoon.

Add to this the pitched blade of the "Souper-Charger" which moves material into the impeller for smooth, uniform high capacity pumping. The semi-cupped design of four paddles develops more pressure for mixing settled solids. Breaks up crust.

See your Badger dealer now. Ask him to show you how the BN 103 and other Badger manure handling products can add dollars and cents efficiency to your operation.

The Badger Souper-Trail Lagoon Agitator/Pump for long reach . . . fast agitation and fast fill.

Now you can pump solid or liquid manure from storage basins quickly and efficiently without the need for ramps or docks.

That's right. The Badger Souper-Trail Agitator/Pump is a powerful, rugged and versatile piece of equipment. It transports easily behind your tractor.

The Souper-Trail is easy to position and can be used in any depth lagoon. And its long reach and high capacity pumping allows for fast economic agitation of large manure basins. It will quickly fill even the largest manure tank.

Other features include a special chopper blade rotating ahead of the impeller housing. The heavy-duty hydraulic controlled spot breaks up large clumps and surface crust. Mixes settled solids.

Your dealer has two Souper-Trail models available for use with either 540 or 1000 tractors. See him now and count on him for all your manure handling system needs.

No agitation job is too tough for the Souper Mix Blender!

Now you can quickly restore that heavily crusted and weed covered manure basin to a free-flowing slurry for easy pumping.

The Souper Mix Blender is built tough to last with rugged construction throughout. Features large aggressive propeller with strong 3 point hitch.

See your Badger dealer now. Ask him for his ideas on how to achieve efficient profitable manure management in your operation.

The best built, fastest and easiest unloading spreaders money can buy!

You convert to a liquid manure system to save time and labor and increase the overall efficiency of your operation. You don't want to buy short when it comes to unloading and spreading equipment. And that's where the Badger 2300, 1500 and 1000 vacuum tanks come in. These husky vacuum spreader tanks unload fast. Cuts field and tractor time. 2300 and 1500 feature rugged "walking tandems" that make spreading easier, even in rough fields. 1500 and 2300 gallon tanks are also available in models with spreader capabilities.

Badger 1000

Badger 1500

Here's a tank with time saving capacity. 3000 gallons big, it makes fewer trips with less labor. Supported by two pairs of large flotation tires, the Badger 3000 literally floats over plowed fields or rough roads. Other features include full length skid supports, extra heavy "A" frame tongue, hydraulic controls and a tractor actuated braking system. The Badger 3000 . . . for BIG jobs.

The Badger '3000' Designed for the big farmer.

Take it all off with a Badger Northland Mower/Conditioner!

Even in the toughest of conditions, the Badger Mower/Conditioner will perform its "clean cutting" duties like no other, without over conditioning.

SPECIAL IN SEASON WAIVER ON MOWER/CONDITIONERS TILL SEPTEMBER 1, 1981
