**This Husqvarna
is the work of one
design engineer.**

He spends a lot of
time engineering it And a
lot more time out in the
woods working with the
prototype He may decide
it needs to go back to the
drawing board

When he's satisfied
himself—he's satisfied the
toughest critic he has

That's why the Hus
qvarna chain saw you buy
will exceed your expecta
tions Because it's not
created by the compromise
of a committee it's built
on the integrity of one man
