

**You've got to be good
to make good hay.**

**So you need more milk from every ton you feed.
And you get it.**

Alfalfa hay and haylage are your best source of protein — and a lot more economical than commercial protein. But the only way to get maximum performance, from the good alfalfa you grow, is with balanced nutrition. Alfalfa is low in phosphorus and other nutrients your cows need for maximum performance. Vigortone's potent dairy pre-mixes fortify your ration with the proper amount of phosphorus, vitamins, minerals and all other nutrients important to good nutrition. You get more nutrition into your cows — and more milk production out. Get complete details and a feeding recommendation soon.

VIGORTONE[®]

When you make feed at home, your money stays at home.
