VELSICOL CHEMICAL CORPORATION  
241 E. OHIO STREET, CHICAGO, ILL. 60611

Minimum-till corn producers have added Banvel<sup>®</sup> herbicide to their weed control program. Banvel stops tough, late-emerging broadleaf weeds like seedling Canada thistle, morningglory, pigweed and lambsquarter. And Banvel can be tank-mixed with atrazine and 2,4-D for added flexibility.

This season, get maximum control with Banvel. And help get your minimum-till corn off to a healthy headstart over tough broadleaf weeds.

Velsicol reminds you: before using any pesticide, please read the label. \*Banvel is Velsicol's brand name for dicamba.
