

# Franklin Guernsey breeders hold banquet

EDENVILLE — Edenville Community Center's famous "Shanty Beans" were enthusiastically consumed by the 100 members and friends attending the Annual Guernsey Club Banquet

Vaughn and Eileen Moore of Rockmoore Farm, Chambersburg, were honored by the County Guernsey Breeders for having the high Guernsey herd in DHIA for milk and fat. Their average was 12,932 pounds milk and 629 butterfat.

held at the Center recently. President Glenn Mummert opened the business meeting by introducing guests from the Agribusiness community and expressed appreciation for their support during the year. State Guernsey Breeders Association Field Representative, Lee Yost, expressed his thanks to Ginger Myers and Ruth Benedict for their part in making the State Association's 50th Anniversary Celebration a huge success.

Yost then gave a report on the business matters of the State Association. Ruth Benedict, also of the State Association, gave additional reports on the Celebration and explained the new dues structure. Mention was also made regarding the Futurity Class for the Pennsylvania All-American Dairy Show, and other dates pertaining to showing animals.

It was with a great deal of pride that Ruth was able to announce that her brother, Jeff Benedict of Waynesboro, Franklin County, was named as Pennsylvania's Outstanding Guernsey Boy.

Philip Wagner, extension service dairy specialist, continued the program by giving the following awards for DHIA records.

Guernsey youth were honored for outstanding project books in 4-H and FFA. From left are Jeff Benedict, FFA, and also outstanding Pennsylvania Guernsey boy; Nancy Myers, 4-H; Curtiss Knepper, FFA; and Doug Layman, 4-H.

## This pig reached 221 lbs. in just 150 days on the Agway swine feeding program. And that's not unusual.

It's no secret that feed is the single biggest cost in producing pork. That's why it pays to make sure your feeding program gets your pigs to market weight in the shortest possible time.

From Agway Squealer Pellets to Agway Pork Finisher, there's a farm-tested Agway feed nutritionally formulated for each stage of a pig's growth. Agway complete swine feeds provide all known nutritional needs, including energy, protein (amino acids), minerals and vitamins.

COMPLETE AGWAY SWINE FEEDS	lb. Protein	lb. Fat	lb. Lysine
Squealer Pellets (MN)	18	4.0	3.0
Pig Starter Pellets (PT MN)	18	3.5	4.5
Hog Feed (T 20)	14	3.5	5.0
Pork Finisher (T 20) 4	12	3.5	5.0

The farm tested Agway swine feed program can help make each of your pigs an ideal pig.

And Agway also supplies a complete line of medicated feeds and supplements.

**BACKED BY FEED TRIALS ON 1800 PIGS ANNUALLY.**

Agway, in conjunction with other cooperatives, runs feed trials on 1800 pigs annually at the Agway Swine Research Farm in Lexington, Ill.

New feed ideas are constantly tested and proven, and the results incorporated into the Agway swine feeding program.

The ideal hog is defined by the American Pork Congress: attains a weight of 220 lbs. in 150 to 165 days. It requires no more than 3 lbs. of feed per each pound of gain and delivers a lean 30 inches long, with a lean eye of 5 square inches.

In the past, Agway Squealer Pellets and Agway Starter Pellets were developed as the direct result of this program.

**YOUR AGWAY SWINE EXPERT CAN TELL YOU MORE.**

The latest research results and the details on the Agway swine feed program are available from your Agway Enterprise Serviceperson. Contact him through your local Agway.
