WIC MOTORIZED SILAGE WAGON WITH HYDROSTATIC SPEED CONTROL

- ★ Regular Feed Discharge or 40" High Feed Discharge
- ★ Electric or Gas Operated

The NEW Hydra-static speed control gives you a choice of speeds from slow to fast. With a touch of the pedal the wagon moves forward or backward, release the pedal and it automatically brakes. You also have a regular feed discharge or a 40-inch high discharge from one or two sides. The WIC Silage Wagon is operated by gas or electric and available in 30-45- or 52-bushel sizes. With the 16-inch wheels it goes wherever you want to take it.

A GREAT IMPROVEMENT ON EFFICIENCY

No Competitor Can Beat The Wic Choppers For Performance And Cost

ELECTRIC BEDDING CHOPPER
Wic also makes an electric 200 volt a.c. chopper or a 24 volt d.c. battery operated chopper including an automatic charger. These two models are equipped in the factory with a manual starter panel and are protected by fuses to diminish risk of accidents. Very quiet, these bedding choppers are mostly used on small or medium sized farms. As well as being mobile the 220 volt a.c. model can be installed stationary. Motor 220 volt a.c. 3 h.p. 24 volt d.c. 2 1/2 h.p.

GAS BEDDING CHOPPER
The gas powered bedding chopper is the most popular on the market. Its operation is simple and it handles easily. Equipped with a Honda 4 stroke gas engine the Wic bedding chopper insures maximum output while in use. Motor 5.7 or 10 h.p. 4 stroke Honda. Starter 5 h.p. manual and 7 and 10 h.p. manual or electric start.

POWER TAKE OFF BEDDING CHOPPER

Wic has perfected a three point hitch PTO chopper activated by the power of your tractor. Easy to install, it is ideal for free stalls or in strawberry fields for mulching purposes.
