

## State funds ag research

HARRISBURG — The nine-member Pennsylvania agricultural research committee met Thursday to discuss funding for several research projects. The following were approved;

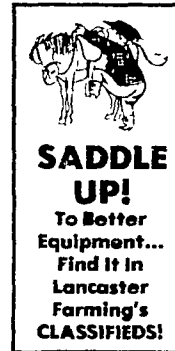

- Hybrid mushrooms: develop new hybrid by new culture and protoplast fusion at Penn State. Received \$24,792.
- Tomato rot control: development of fruit rot control system for processing tomatoes at Penn State. Received \$13,210.
- Broiler leg weakness: study effects of diet on leg weakness in broiler chickens at Penn State. Received \$13,682.

- Buffers for dairy cattle: study of addition of buffers to cattle feed and effects on milk production.
- Fetlock joint in horse: study and develop better ways to treat fetlock joint fractures in horses at University of Pennsylvania. Received \$13,077.
- Hematode control: develop an integrated management system for control of hematode transmitted disease in plants at PDA's Bureau of Plant Industry. Received \$22,755.

## Eggyclopedia available

PARK RIDGE, Ill. — Everything you need to know about eggs is included in the new 52-page "Eggyclopedia" produced by the American Egg Board. From Air Cell to Yolk, Eggyclopedia includes nutritional information, production terms, definitions, charts, tables and recipes. Self-proclaimed as "a work that contains information on all branches of egg knowledge comprehensively, in articles arranged alphabetically by subject," this booklet was prepared from start to finish by the AEB staff.

The 5½x8½ size reference, printed in two colors, is available at 20 cents per copy from the American Egg Board, 1460 Renaissance Dr., Park Ridge, Ill. 60068.
