This Husqvarna is the work of one design engineer.

He spends a lot of time engineering it And a lot more time out in the woods working with the prototype He may decide it needs to go back to the drawing board
When he's satisfied himself—he's satisfied the toughest critic he has
That's why the Husqvarna chain saw you buy will exceed your expectations Because it's not created by the compromise of a committee it's built on the integrity of one man
