

# GET READY FOR HAYLAGE

## The SPERRY NEW HOLLAND WAY!

### Rolareel™ makes the difference.

The unique Rolareel header on the Model 495 Haybine® mower-conditioner picks up down and tangled crop . . . feeds it evenly and directly into 9'2" rubber, intermeshing conditioning rolls. No other 12' machine has either Rolareel or conditioning rolls this wide.

### Model 782: Heavy duty from hitch to spout.

The Model 782 is built for heavy-duty performance. The 12-knife cutterhead chops uniformly, without a recutter screen. But for special crops and conditions, recutter screens are available. Check these outstanding features:

- Exclusive underbeveled knives eliminate the need for rebeveling.
- Flip-up feedroll makes shearbar adjustment easy.
- Choice of 540- or 1,000-rpm driveline.
- Big choice of cropheads, including windrow pickup, one- or two-row low-profile cropheads, sicklebar and one-row, ear-corn snapping head.
