

**THE NEW
IRON HORSES®
MORE HORSES MORE IRON**

More usable power at the PTO, drawbar, 3-point hitch, and remote outlets

The 4840, above, at 180 hp is the biggest of the NEW IRON HORSES. But it shares all its family traits with four smaller brothers: the 155-hp 4640, 130-hp 4440, 110-hp 4240, and 90-hp 4040. They all have the same build — husky. Stop in for details on their individual engine, chassis and power train measurements. We'll be happy to answer all your questions on the tractors with more horses and more iron.

**315 Level-Action™
Disk**

A heavyweight disk with simple adjustments plus tough bearings with a 2-year warranty

A crank at the front of the 315 helps you fine-tune fore/aft leveling. In most fields, this simple adjustment is the only one needed. Exclusive Dura-Flex™ gang bearings feature 4-lip seals that lock in grease, block out dirt. Seals also work with housings to give bearings room to self-align. See us for details on the rigid 315 — or wider wingfold 335 Disks in the same heavyweight class.

like a Deere®*

**THE
TASK-MASTERS™**

**John Deere Compact Utility
Diesel Tractors**

Plowing or planting. Mowing or landscaping. Loading or backhoeing. These John Deere Compact Utility Tractors are at home in most any working environment. Choose from five models — with 14.5, 18, 22, 27, and 33 hp at the PTO*. The 650 has a 2-cylinder diesel engine; all others, 3-cylinder. Eight-speed transmission. Differential lock. Hand and foot throttles. Category 1 3-point hitch. 540-rpm PTO. Color coded controls. And more.

The 1050 features a turbo-charged engine for more power, smoother operation and fewer emissions. Plus a continuous-running PTO for added productivity...load-and-depth-sensing hitch...swinging drawbar. The 650, 750, 950 and 1050 can be ordered with mechanical front-wheel drive for added traction.

If you need a compact tractor that'll handle a range of jobs, see us today. Check out our line of tractor-matched implements. Then ask for a demonstration. Compact utility diesel tractors — the Task-Masters from John Deere.

* Maximum PTO hp at 2600 engine rpm for the 650 and 850 2400 engine rpm for the 750, 950 and 1050 All ratings by official test, except for the 650 and 750, which are factory observed
