

HOW TO GROW HEIFERS FAST!

Wayne Calf Krunch builds smooth, growthy heifers. . . fast! Young calves love its sweet, grainy texture and molasses-covered vitamin pellets, laced with milk products. It's so tempting they eat earlier, grow faster, mature and freshen sooner, adding months to their productive lives. When heifers freshen at two years or earlier, you know it works. In tests between Wayne Calf Krunch and a typical herd milking ration for starting heifer calves, the Wayne-fed calves gained 15% more weight on 9% less starter feed! Try it, and see.

Feed for the difference innovations make. Feed Wayne.
