Get the best in gentle, high-capacity raking

International® 35 Parallel Bar Rake

- Rakes a 9-ft. swath, 4 tooth bars standard; 5th can be added for extra-delicate raking.
- Ground drive for complete tractor-seat control over raking action; hydraulic drive available.
- Offset wheels are right behind basket for best work in uneven ground.
- Dolly wheel attachment helps prevent tooth "dig in" over extra rough fields.
- Rubber-mounted triple-grouped teeth get all the hay, yet are flexible to guard against damage.

Finance plans available.
