Husqvarna keeps the design simple to keep the service simple.

That isn't always the way. Some chain saws are designed to be replaced not rebuilt. But with Husqvarna chain saws 90% of all repairs and maintenance can be done without splitting the case. And with the Husqvarna system there's a high degree of parts interchangeability—so we can keep all the parts on hand you'll ever need.

Most important to you, because servicing your Husqvarna is kept so simple—over the long haul Husqvarna may well be the most economical chain saw you can buy.
